ACKNOWLEDGMENTS

1. The Examiner acknowledges receipt of the amendment filed 5/24/06 wherein claims 19 and 21 are amended.

Note: Claims 1-27 are pending.

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/24/06 has been entered.

RESPONSE TO APPLICANT'S AMENDMENT/ARGUMENTS

3. The Applicant's arguments and/or amendment filed 5/24/06 to the rejection of claims 19-27 made by the Examiner under 35 USC 102 have been fully considered and deemed non-persuasive for reasons of record in the office action mailed 3/16/06 and those set forth below.

102 Rejection

The rejection of claims 19-27 under 35 USC 102(b) as being anticipated by De Boer et al (JP 02227051) is MAINTAINED for reasons of record in the office action mailed 3/16/06 and those set forth below.

Applicant asserts that the instant invention is distinguished over the cited prior art because the De Boer et al document neither teaches nor suggests a composition

comprising an amount of a polyol fatty acid polyester wherein the polyol fatty acid polyester has a degree of esterification of at least about 70%.

Independent claims 19 and 21 have been amended to incorporate the phrase that the polyol fatty acid polyester has a degree of esterification of at least about 70%. The limitation does not overcome the cited prior art because De Boer et al disclose compositions comprising a polyol fatty acid polyester wherein the degree of esterification is about 70% or more of the substance thereof (see page 10, second paragraph of the English translated document, JP-02-227051, which is included with this office action).

WITHDRAWN CLAIMS

4. Claims 1-18 are withdrawn from further consideration by the Examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.
